

## **Director of Student Ministries**

### **Walnut Creek Presbyterian Church (wcpres.org)**

- **Do you love forming discipling relationships with Middle and High School students and their families?**
- **Are you allergic to doing Student Ministry all by yourself and ready to lead a large team of student leaders, adult volunteers and professional staff?**
- **Are you inspired by working with a group that's 64% first generation Christians, in an area where 90% of the population is unchurched?**

Walnut Creek Presbyterian Church is seeking a Director of Student Ministries who will strategically love students and their families to grow them Up (closer to Jesus), In (closer to one another), and Out (closer to our overwhelmingly unchurched community). You will pray earnestly for and with students, leaders, and families. Through you, Jesus will lead a ministry that punches above its weight, with 99 regular students in a church with average worship attendance approaching 400. (If you instantly see the significance of 99 in the fold and are already praying for the next "one" -mention Brent in your application) You will spend a lot of time with students outside of church programs. You will personally lead your choice of High School or Middle School and hire and support the heck out of a Director for the other. You will support a large and amazing team of adult volunteers, and recruit as necessary to grow that team. Jesus and you will bless and be blessed by an amazing group of students and adult leaders.

**SALARY RANGE: Starting at \$65-70,000**

**Subsidized Housing Available**

**Relocation Assistance Available**
